

SD- PRODUCT TECH SPECS -OA 50cc(F)- 2025010801

OA 50cc(F)

Typical Properties

Incubic Iron-Based Oxygen Absorber, which utilizes iron powder as the primary oxygen absorbing substance and contains an appropriate amount of moisture to facilitate the oxidation reaction. Upon contact with air, it will rapidly undergo an oxidation reaction which can effectively absorb oxygen and maintain oxygen level of less than 0.1% inside the package.

Incubic Iron-Based Oxygen Absorber maintains excellent performance even at low temperatures. It can be widely used in food and electronic industries.

Packing Format

200 items per bag, and 24 bags per carton, with a total of 4800 items per carton.

Shelf Life

12 months from date of production if stored in a dry warehouse with normal humidity and if packaging remains un-opened. If packaging is opened, use the Oxygen Absorber as soon as possible, and re-seal the plastic bag immediately after use.

Health and Safety

Incubic Iron-based Oxygen Absorbers are made of safe and non-toxic raw materials. This product has been certified as non-toxic by national testing authorities, ensuring its safety and harmlessness.

Please ensure the integrity of the Oxygen Absorber packaging and avoid puncturing by sharp objects that could lead to risks of leakage and contamination during the use.

For further safety information, you can contact us through our local sales representative

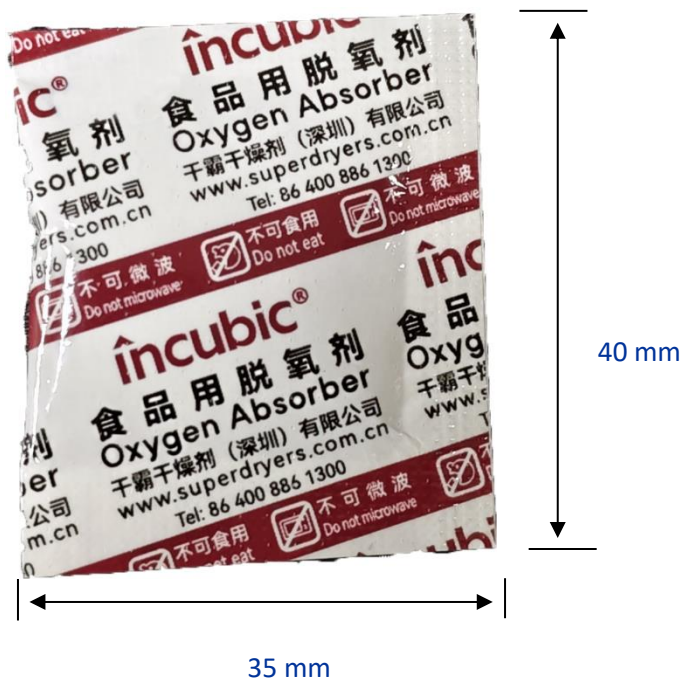

Product Description

Brand:	Incubic
Product model:	OA 50cc(F)
Product weight:	2.85 ± 0.15 g
Product size:	35.0 x 40.0 mm
Main ingredients:	Iron powder Water
Packaging materials:	Perforated breathable film
Printed info:	Do not eat Do not microwave
